3D & 2D**

PERCENTAGE PROBLEMS

In the new movie **THE BOSS BABY**, Tim is having a hard time making the numbers add up. Since he didn't go to Business School, Boss Baby is teaching him. Can you help Tim figure out these percentages?

1.
If there are 6 beads and 2 of them are green, what is the percentage of green beads?

2.
If 4 of the beads are round, what percentage of the beads are not round?
